140L OIL & FUEL WORKPLACE SPILL KIT

SpilMax® Oil & Fuel Workplace Spill Kits are designed to act as a portable spill control station. Ideal for areas where liquids are stored or used such as workshops, warehouses, refueling and decanting areas. The wheelie bin is easy to walk to the spill location.

The absorbents in the Oil & Fuel Spill Kit are designed to absorb a wide variety of plant and seed oils, hydrocarbons, petrochemicals and petroleum-based solvents.

Since the Oil & Fuel absorbents are hydrophobic, they repel water and float. They are recommended for oil on water spills and for use in wet work environments.

Spill kit instructions are on the outside of the bin for easy reference.

SPILL KIT	TOTAL WEIGHT	DIMENSIONS	REFILL
CHHW1	40kg	0.60mL x 0.50mW x 0.90mH	CHHW1-C

CH4522Y	140L Wheelie Bin (Yellow)	1
