

Ultra-Drum Spill Pallet Plus

Spill Containment on Land

COMBINE STRENGTH AND COMPLIANCE WITH A LOW-PROFILE PALLET

The Ultra-Drum Spill Pallet Plus combines compliance with improved safety through a low 222mm profile, nearly 50% lower than standard pallets, reducing splash risk and making drum handling easier. Available in 2-drum and 4-drum models, it supports heavy loads, even IBCs, while containing spills, drips, and leaks. Removable non-slip grates enhance safety and cleaning, ensuring reliable, high-capacity spill containment.

Product Code	Description	Length	Width	Height	Capacity
CHU9610	Ultra-Drum Spill Pallet 2 Drum Plus	1.6m	1m	220mm	249L
CHU9630	Ultra-Drum Spill Pallet 4 Drum Plus	1.3m	1.3m	220mm	284L

Specification	Value
Material Type	Durable Polyethylene (LLDPE)
Warranty	5 Years
Chemical Resistance	Excellent resistance to a wide range of acids, bases, oils, and chemicals
UV Resistance	UV-stabilised for outdoor use. Resists fading and degradation from sun exposure
Corrosion Resistant	Yes
Forkliftable	Yes

APPLICATION

- Warehouses
- Manufacturing Plants
- Transport and Logistics
- Laboratories
- Maintenance Areas
- Outdoor Storage Sites
