140L Universal Workplace Spill Kit

SpilMax® Universal Workplace Spill Kits act as portable spill control stations, ideal for areas where liquids are used or stored. Housed in a wheelie bin for quick transport, the absorbents handle water, oils, fuels, diesel, coolant, general workplace chemicals, and agricultural chemicals. Not suitable for oil-on-water spills, as the absorbents also soak up water. Spill kit instructions are on the outside of the bag for easy reference.

Product	Code	Qty
140L Wheelie Bin (Blue)	CH4522B	1
