50L Universal Economy Vehicle Spill Kit Bag

SpilMax® Universal Vehicle Spill Kits come in waterproof polyester bags that keep contents dry. Compact and lightweight, they're ideal for vehicles, truck cabins, and heavy equipment. Strong handles allow wall mounting in spill-prone areas. The absorbents handle water, oils, fuels, diesel, coolants, general workplace and agricultural chemicals. Not recommended for oil-on-water spills, as they also absorb water. Spill kit instructions are on the outside of the bag for easy reference.
