

Ultra-Hose Stand

Spill Containment on Land

PROTECT BUND INTEGRITY DURING HOSE OPERATIONS

Ultra-Hose Stand is designed to support fuelling and transfer hoses while preserving spill containment capacity. By keeping hoses off bund sidewalls, it prevents deformation and damage during daily operations. Lightweight yet durable, it can be positioned inside, outside or across bunds, providing flexible, compliant hose management in fuel and liquid handling areas.

Product Code	Description	Length	Width	Height	Load Capacity	Weight
CHU8369	Hose Stand	410mm	230mm	590mm	181kg	2.3kg

Specifications	
Material	Polystyrene core with polyurea coating
Hose Diameter Capacity	Up to 165mm
Colour	Grey
UV Resistance	UV-stable polymer coating suitable for prolonged outdoor exposure
Chemical Resistance	Product demonstrates good chemical resistance to acids, alkalis, oils and fuel
Corrosion Resistance	Product will not corrode

APPLICATION

- Fuel transfer and refuelling points
- Bunded storage and containment areas
- Workshops and maintenance zones
- Industrial liquid handling operations
- Temporary hose routing over bunds
