

## Ultra-IBC Funnel

Spill Containment on Land

### EFFICIENT AND RELIABLE LIQUID TRANSFER FOR IBCS

The Ultra-IBC Funnel provides a safe, efficient solution for transferring liquids into intermediate bulk containers. Manufactured from heavy-duty polyethylene, it offers excellent chemical resistance and durability. The wide opening, integrated strainer and secure locking base reduce spills, improve control and enhance workplace safety during routine liquid handling operations.

Product Code	Description	Length	Width	Height
CHU0648	IBC Funnel	1m	0.8m	125mm

Specifications	
Weight	4.5kg
Containment Capacity	19L
Material	High Density Polyethylene (HDPE)
UV Resistance	Product contains UV inhibitor
Chemical Resistance	Compatible with common acids, alkalis and hydrocarbons
Flow Rate	41.6 LPM - based on water

### APPLICATION

- Bulk liquid transfer
- Industrial processing
- Waste and recycling operations
- Workshop maintenance
- Hazardous liquid control

**DISCLAIMER:** Chatoyer is not responsible for any product malfunctions, damage, or performance issues resulting from misuse, unauthorised modifications, improper installation, external environmental factors, or failure to follow recommended usage guidelines. This includes, but is not limited to, damage caused by accidents, natural disasters, power surges, or use with incompatible accessories. All warranties and support services apply only to products used in accordance with the manufacturer's instructions and within the intended operating conditions.
