

Ultra-Overpack Salvage Drum®

Spill Containment on Land

HIGH-PERFORMANCE OVERPACK FOR SPILL CONTAINMENT

The Ultra-Overpack Salvage Drum is a high-performance containment solution for hazardous materials. Constructed from LLDPE, it offers outstanding resistance to acids, caustics, and corrosives. Its no-tools-required closure simplifies emergency response, clean-up, and transport of damaged packages or soiled sorbents. Lightweight and nestable for efficient storage, the lid can be secured using a broom handle or timber beam via built-in slots.
