

Ultra-Spill Trays Utility Model

Spill Containment on Land

DURABLE UTILITY TRAY FOR SPILL CONTAINMENT

Ultra-Utility Trays are built from heavy-duty polyethylene (LLDPE), offering reliable containment for leaks and spills. The ribbed base keeps cans and pails elevated, preventing submersion in minor spills. Rust and corrosion-resistant, they're ideal for maintenance and storage areas. Available in six sizes to suit various needs, and nest neatly when not in use for easy storage.

Product Code	Length	Width	Height	Capacity
CHU1031	1.3m	400mm	125mm	45L
CHU1032	1.3m	700mm	125mm	90L
CHU1033	1.3m	900mm	125mm	113L
CHU1034	1m	700mm	125mm	68L
CHU1035	1m	1m	125mm	102L
CHU1036	1.3m	1m	100mm	113L

Specifications	
Material Type	Polyethylene (LLDPE) durable, corrosion-resistant, and non-reactive
Warranty	5 Years
Chemical Resistant	Yes to a wide range of chemicals
UV Resistant	UV-stabilised for outdoor use. Resists fading and degradation from sun exposure

APPLICATION

- Industrial and Manufacturing Facilities
- Warehousing and Logistics
- Laboratories and Research Centres
- Maintenance and Workshop Areas
- Environmental and Waste Management
- Commercial Buildings
