240L Oil & Fuel Essential Workplace Spill Kit

SpilMax® Oil & Fuel Workplace Spill Kits act as portable spill control stations, ideal for areas where liquids are stored or handled. Housed in a lightweight yet durable wheelie bin for quick transport to spills, the kit contains hydrophobic absorbents that repel water and float. Effective on hydrocarbons, plant oils, seed oils, and petroleum-based solvents. Recommended for use in wet environments and oil-on-water spills. Spill kit instructions are on the outside of the bin for easy reference.

Product	Code	Qty
240L Wheelie Bin (Yellow)	CH4521Y	1
