

## TOGGLE PIN

### SPILL CONTAINMENT ON WATER

### For Fence Booms and Spill Containment Booms

Secure your boom connections with a purpose built, marine ready toggle pin set designed for fast deployment and dependable holding in wet, salty, and demanding environments.

Product Code	
CHCONN33	Marine Grade Toggle Pin Set (Pack of 2)

Specification	
Material	316 Marine Grade Stainless Steel
Pin Size	50mmH x 10mmDia
Toggle Size	30mmL x 10mmW
Temperature Range	-40°C to 250°C
Corrosion Resistance	Suitable for marine and saltwater environments

#### Best Fit For

- Quick, repeatable boom connections during deployment and retrieval
- Marine environments where corrosion resistant hardware is required

#### Not Suitable For

- Lifting, hoisting, or rigging applications
- Structural connections outside boom coupling
- Installations where hole size, thickness, or geometry is incompatible with a 10mm diameter pin
- Certified engineered fasteners for critical structural restraint

**DISCLAIMER:** Chatoyer is not responsible for any product malfunctions, damage, or performance issues resulting from misuse, unauthorised modifications, improper installation, external environmental factors, or failure to follow recommended usage guidelines. This includes, but is not limited to, damage caused by accidents, natural disasters, power surges, or use with incompatible accessories. All warranties and support services apply only to products used in accordance with the manufacturer's instructions and within the intended operating conditions.
